**COSMECEUTICALS ONE-DAY COURSE**

**LEADING INSIGHTS INTO THE FIELDS OF**

skin aging, hair and nutrition

8 HOURS

**FRIDAY, 27TH (ROOM 4)**

For its 3rd consecutive year, the successful Cosmeceuticals Course will once again aim to provide leading insights into the fields of skin aging, hair and nutrition along with an in depth analysis of the latest technological and scientific advances in these domains. How can cosmeceuticals be used in conjunction with other procedures? Are these products effective? How will they be used in the future? These questions and more will stimulate exciting discussions and debates around this domain which is at the cutting edge of research.

Experts in the field, doctors, industry representatives and scientific researchers will come together to reveal the latest evidence regarding advances and to provide practitioners with precise data to enable them to inform their patients of the benefits of such products.

**Headline**

We are delighted to welcome hundreds of practitioners from Eastern Europe to this special one-day course. Our masterclass aims to provide insights on aging modes, morphotypes and specificities linked to medical aesthetic development from an Eastern European perspective. Come and experience an exchange of expertise between Eastern European specialists, who will share their local knowledge, and renowned international experts.

**Excellent communication with colleagues from other countries. Learning a new way to professional perfection!**

Vasili ATAMANOV, Plastic Surgeon, Russia

**Exciting workshops! A really inspiring event! I totally recommend it.**

Valentina ZABOLOTNIAIA, Dermatologist, Russia

#imcas2017
To further help aesthetic practitioners understand and address the individual desires of each of their patients it is important to understand cultural differences and the proper approach for each unique demand, which is why we have asked world renowned Middle Eastern experts to lead our masterclass and share their experience and knowledge.

The masterclass will have a special focus on Middle Eastern aging modes, morphotypes and specificities linked to medical aesthetic development, creating the perfect environment to foment and encourage an exchange between Middle Eastern specialists.

Come and partake in this unique experience aimed at increasing knowledge of Middle Eastern tendencies and the Market.
